ARTICLE 3: FINANCIAL STATEMENTS USED FOR THE MERGER

In the Merger under this Merger Report, the Acquiring Company ŞİŞECAM, and the acquired companies ANADOLU CAM, DENİZLİ CAM, SODA SANAYİİ and TRAKYA CAM are companies subject to the CML, and their shares are listed on Borsa İstanbul A.Ş. ("**Exchange**"). Therefore, their financial statements and footnotes as of 31.12.2019 that are used for the Merger have been prepared according to the "Communiqué on the Rules of Financial Reporting" (II-14.1) by CMB, Turkish Accounting Standards and Turkish Financial Reporting Standards issued by the Public Oversight Accounting and Auditing Standards Authority, and these financial statements have been independently audited. Although PAŞABAHÇE is not subject to the CML, and its shares are not listed on any exchange, its financial statements and footnotes as of 31 December 2019 that are used for the Merger have been prepared according to the "Communiqué on the Rules of Financial Reporting" (II-14.1) by CMB, Turkish Accounting Standards and Turkish Financial Reporting Standards issued by the Public Oversight Accounting and Auditing Standards Authority, and these financial statements have been independently audited.

ARTICLE 4: VALUATION EXPERT'S REPORT USED FOR THE MERGER

In the Merger, the merger ratios, swap ratios, the amount of capital that will be increased by the Acquiring Company ŞİŞECAM due to the Merger, the number of ŞİŞECAM shares that will be delivered to the shareholders of Acquired Companies following the capital increase should be calculated and specified fairly, reasonably, and beyond hesitation, in line with the provisions of the related legal regulations. Because ŞİŞECAM, ANADOLU CAM, DENİZLİ CAM, SODA SANAYİİ and TRAKYA CAM are subject to the CML and their shares are listed on the Exchange, a Valuation Expert's Report ("**Valuation Expert's Report**") is used in these calculations. This report dated 27.04.2020 was prepared by PwC Yönetim Danışmanlığı A.Ş., in line with the provisions of CMB's Communiqué on Merger and Demerger (II-23.2), Article 7, "Valuation Expert's Opinion".

Valuation Expert is selected and authorized under an authorization granted by ŞİŞECAM on 31 January 2020. Consequently, an agreement was signed with PwC Yönetim Danışmanlığı A.Ş. on 31 January 2020, for the preparation of the Valuation Expert's Report that will be used for the Merger under this Merger Report and the Merger Agreement executed regarding the Merger.

Executive Summary and the related annexes of the Valuation Expert's Report are attached to this Merger Agreement (Annex-2).

ARTICLE 5: MERGER AGREEMENT

The Merger Agreement executed regarding the Merger by the managing bodies of the Companies involved in the Merger is attached to this report.

The Merger Announcement was approved by the Capital Markets Board with the letter no. [_____] and dated [__].[__].2020.

ARTICLE 7: EXIT PRICE

In the Merger under this Merger Report, no Exit Price is determined according to Article 141 of the TCC. However, the exercise of exit rights is stipulated in Article 18 of this Merger Report, in line with the CMB Communiqué Series no. II, no. 23.1 on Common Rules for Transactions of Critical Importance and Exit Rights, which will apply to this Merger, and other related capital market regulations.

ARTICLE 8: COMPENSATION PAYMENT

In the Merger under this Merger Report, no Compensation Payment is stipulated for the minority shareholders of the Acquired Companies according to Article 140 of the TCC.

ARTICLE 9: PURPOSES AND LEGAL AND ECONOMIC JUSTIFICATIONS FOR THE MERGER

The purposes and legal and economic justifications for the Merger under this Merger Report are as follows:

- Due to the increase in its market value and transaction depth as a result of the merger, it is foreseen that ŞİŞECAM shares may fulfil the investment criteria of a higher number of corporate foreign investors which is estimated to have a positive impact on the share performance and thus the value of ŞİŞECAM accordingly.
- It is expected for the "Discount by Holding" to be added to the value of ŞİŞECAM in the medium-term.
- Strategy of ŞİŞECAM Group (“**Group**”) will become more explainable to the investors as there will only be a single listed company and ŞİŞECAM shares will start to follow a more stable evolution.
- A more effective dividend distribution policy can be implemented as ŞİŞECAM investors will be closer to companies that generate the dividend.

- Cost of compliance with legislation arising from the complexity of the current structure shall decrease and even be eliminated as listed subsidiaries will cease to exist. It must also be taken into consideration that besides the cost of managing risks inevitably incurred from reciprocal transactions within the Group that comprises five listed companies, the conducted studies do not provide a guarantee on preventing the realization of risks and there is always such a possibility.
- Efforts and resources spent on the realization of intragroup transactions will be shifted to other areas which will provide saving and efficiency. Also, synergy will be created among the groups in areas such as production, sales and marketing, quality and supply chain and these functions will be more effectively managed through the obtained coordination.
- It will be possible to create efficiency in the internal and external communication of the Group thanks to the singularity of corporate identity.
- It will also reveal the possibility of consolidation in foreign holding structures which may prove to decrease costs furthermore.
- The usage and distribution of Group resources freely within the group shall create favorable outcomes.

ARTICLE 10: RESULTS OF THE MERGER

10.1 The Amount of the Capital Increase By the Acquiring Company, Swap Ratio, Merger Ratio, the Type and Nominal Amount of the Shares to be Delivered to the Shareholders of Acquired Companies

According to the Valuation Expert's Report, the new shareholding structure of the Acquiring Company ŞİŞECAM will be as per the principles stated below following the merger, with the condition that none of the shareholders of acquired companies dissent to the merger in the general assembly meetings of All Parties, and go through the procedure of exit rights, as per Article 18 of this Merger Report. If exit rights are exercised, the new partnership structure of Acquiring Company ŞİŞECAM will differ following the Merger; the post-Merger capital amount will be calculated based on the capital amount corresponding to the exit rights exercised, the capital increase will be realized accordingly, and an application will be filed to the CMB to obtain an issue certificate.

SHAREHOLDER	AMOUNT OF CAPITAL (TRY mn)	SHARE IN CAPITAL (%)
Türkiye İş Bankası AŞ	1,554	50.70285
Listed Shares	1,325	43.23611
Efes Holding A.Ş.	185	6.04047
Islamic Development Bank	1	0.02056
TOTAL	3,064	100.00

As per the provisions of the CMB Communiqué on Merger and Demerger (II-23.2), Article 7, "Valuation Expert's Opinion", Valuation Expert's Opinion has been prepared in consideration of four (4) valuation methods, depending on the characteristics of Parties.

These **4 methods** used in valuation studies are; Income Approach ("**IA**"), Market Approach ("**MA**"), Asset-Based Approach ("**ABA**") and Market Capitalization Approach ("**MCA**").

- **Income Approach ("IA"):** In this method, the value of the Acquired Companies is calculated by discounting the cash flows that are expected to be generated in the projection period, to their net present value. In the framework of the income approach, business plans provided by the managing bodies of the Acquired Companies, and cash flow forecasts for the periods coming after these business plans have been considered. Within the Framework of the DCF (Discounted Cash Flow) analysis, a DCF model was prepared, which forecasted the revenues/expenses of the Acquired Companies, taxes that will be paid by them, their investments and working capital requirements. Information provided by the managing bodies of the Acquired Companies was taken as the basis of DCF calculations. Present values of the cash flows that are forecasted to be generated by the Acquired Companies are calculated by discounting these cash flows using a discount rate in conformity with the risk profile of these companies. Within the framework of the income approach, standalone share values were calculated for each

company of the study, and then when calculating the total value of each company to be merged, "Adding-Up the Pieces" method was used. In this method; firstly, share values forecasted for the Acquired Company itself, its affiliates and subsidiaries are multiplied with the shareholding rates of the Acquired Company in these affiliates and subsidiaries. Then, the value of the Acquired Company and the value of its shares in the affiliates and subsidiaries are added-up, reaching the total share value. 30% weight was assigned to the Income Approach by the Valuation Expert, because it better reflects the expectations regarding the cash generation potentials of the Acquired Companies, considers the COVID-19 impact, and considers the new investment projects that will be deployed in the future.

- **Market Approach ("MA"):** Within the framework of the Market Approach, two methods are used, being public company comparables ("PCC"), and precedent transactions ("PT"). Both these methods aim to estimate the total share value by considering the valuation multiples of other companies which have similar operations with the Acquired Companies. In this method, the value of a company is calculated by analyzing the financial data of comparable public companies, and companies that have been acquired before. The value of the company is expressed as multiples of its financial figures. The biggest obstacle in the practice of this method is the difficulty of finding comparable companies and precedent transactions. The companies selected for the analysis of Public Company Comparables are; public companies that are both similar to the Acquired Companies with regards to their operations, profitability and indebtedness, and that are understood to be in competition with the Acquired Companies, with regards to business lines and geographies. As the adequate valuation multiple to be used in comparison, "Company Value (CV)/EBITDA ratio" is specified. CV/EBITDA ratio is calculated by using the 5-year average market values for the period of 2015-2019 (data was obtained from the related companies), end-of-year net indebtedness amounts, and other relevant data. This ratio, which is calculated annually for a period of 5 years, and taken into account as averages, is believed to represent the industry's general multiple. The calculated multiple was applied to the 4-year (2019-2022) average EBITDA amount of the Acquired Companies (inflation adjusted to the year 2019), thus the company value was estimated. With this method of EBITDA selection, the short-term effects of the COVID-19 pandemic is included in the EBITDA base, enabling to reflect this current development to the value in the Market Approach study as well. Precedent

transactions method was not applied, because there were not a sufficient number of transactions disclosed fully to the public, and some of the existing ones were for purchases of minority shares. A 5-year retrospective search was made, and the number of available transactions was not sufficient. When the Market Approach was being applied for ŞİŞECAM, a separate comparable company search was not conducted. Where ŞİŞECAM is a direct shareholder of an Acquired Company, Market Approach results for those Acquired Companies were taken into account in proportion to the rate of ŞİŞECAM shares. The result was the estimation of total ŞİŞECAM share value. Where ŞİŞECAM is the direct shareholder of a company but that company is not one of the Acquired Companies, Income Approach or Asset-Based Approach was applied as part of Market Approach to calculate the value of those companies. Because those other companies are engaged in narrow-scope, specialized activities in line with the Group's requirements, Market Approach was thought as not being appropriate for their valuation. Many companies that are similar to the Acquired Companies with regards to operations and finances, and that are direct competitors, are publicly traded. Multiples of these companies are seen to be adequate industry multipliers, and the Valuation Expert assigned 30% to the Market Approach, the same weight with the Income Approach.

- **Asset-Based Approach ("ABA"):** This approach is based on the assumption that; the value a buyer will pay for a company should be at least the amount calculated by liquidating all of the company's assets and payables at a certain date, or the expenditure that has to be made to bring the company to its current status (amortized renewal value). Within this framework, net asset values of all the companies in question were estimated, based on the consolidated shareholders' equity in their independently audited financial statements as of 31 December 2019. Financial statements used in the analysis have been prepared in compliance with CMB standards for ŞİŞECAM, ANADOLU CAM, DENİZLİ CAM, SODA SANAYİİ and TRAKYA CAM, and in compliance with TAS/TFRS financial reporting standards issued by the Public Oversight Accounting and Auditing Standards Authority (KGK), for PAŞABAHÇE. In the process, shareholders' equity figures were adjusted for the dividends that will be paid or received, and adjustments were also made for certain other asset and liability items. Because the Acquired Companies are operating in capital-intensive industries, Asset-Based

Approach should be considered. However, because the gain from capital investments is realized in the future, Valuation Expert assigned 20% weight to Asset-Based Approach.

- **Market Capitalization ("MC"):** Because All Parties are listed companies and the price information supplied by an active market is seen as an adequate indicator of value, Market Capitalization approach was considered for the listed companies of the merger. When the value is being calculated in the Market Capitalization approach, average share price of the Acquired Companies weighted for the daily trade volume was calculated for a period of one year, retrospectively from the date ŞİŞECAM disclosed the merger on the Public Disclosure Platform (KAP) (from 30 January 2020 to 31 January 2019). Because PAŞABAHÇE is not a listed company, market capitalization was estimated using the results of Income Approach and Market Approach. In this estimation, the ratio of the market capitalization of other Acquired Companies to their value as the average of Income and Market Approaches was used. This ratio was multiplied with the arithmetic average of PAŞABAHÇE valuations coming out of Income and Market Approaches. The result was the estimated market capitalization of PAŞABAHÇE. Details of this calculation are in the report's PAŞABAHÇE section. Because the Acquired Companies are listed companies excluding PAŞABAHÇE, and also considering that they are included in BIST-30/BIST 50 indexes, their liquidity, trade volumes and investor profiles, Market Capitalization is decided to be used as a valuation method. On the other hand, because past price performance does not reflect the current developments, Valuation Expert assigned 20% weight to the Market Capitalization approach.

According to the Valuation Expert's Report;

Merger Ratio: 73.42795%

Swap Ratios:

- 1.00000 for **ŞİŞECAM**;
- 0.88239 for **ANADOLU CAM**;
- 0.33089 for **DENİZLİ CAM**;
- 0.53423 for **PAŞABAHÇE**;

- 1.15997 for **SODA SANAYİİ**;
- 0.67615 for **TRAKYA CAM**.

ŞİŞECAM will increase its capital for TRY 814,228,446.43, because of the acquisition of TRAKYA CAM, ANADOLU CAM, SODA SANAYİİ, DENİZLİ CAM and PAŞABAĞÇE. This amount is subject to change, depending on the amount of exit rights that will be exercised.

As part of the merger, ANADOLU CAM shareholders will receive 0.88239 (both in quantity and amount in TRY) Şişecam shares, in return for each 1 Kurush nominal value Anadolu Cam shares they have.

As part of the merger, DENİZLİ CAM shareholders will receive 0.33089 (both in quantity and amount in TRY) Şişecam shares, in return for each 1 Kurush nominal value Denizli Cam shares they have.

As part of the merger, PAŞABAĞÇE shareholders will receive 0.53423 (both in quantity and amount in TRY) Şişecam shares, in return for each TRY 1 nominal value Paşabahçe shares they have.

As part of the merger, SODA SANAYİİ shareholders will receive 1.15997 (both in quantity and amount in TRY) Şişecam shares, in return for each 1 Kurush nominal value Soda Sanayii shares they have.

As part of the merger, TRAKYA CAM shareholders will receive 0.67615 (both in quantity and amount in TRY) Şişecam shares, in return for each 1 Kurush nominal value Trakya Cam shares they have.

The Valuation Expert's Report states that a merger ratio of 73.42795% is thought to be fair and reasonable, calculated by weighing the swap ratios (the result of the four (4) approaches of valuation).

10.2. Rights Granted to Shareholders of the Acquired Companies under Acquiring Company

Following the Merger, the shareholders of the Acquired Companies will have equal rights with ŞİŞECAM shareholders. The rights of shareholders in ŞİŞECAM are included in the Articles of Association.

For shares to be given to the shareholders of Acquired Companies which will dissolve without liquidation as a result of the Merger, the delivery will be in dematerialized form at the Central Registry Agency, within deadlines stipulated by the CMB and the Central Registry Agency.

In ANADOLU CAM, the privileges of the existing privileged shares will end. Since ŞİŞECAM owns all Group B shares, ŞİŞECAM will not receive any shares in return for these shares. Before the extraordinary general assembly meeting of ANADOLU CAM where the merger will be submitted for approval, a special assembly meeting will be held among Group B shareholders, and the aforementioned issue will be approved in this meeting.

Pursuant to all relevant merger documents prepared for the Merger under this Merger Report, ANADOLU CAM has 4,709 non-voting shares. Within the company records, non-voting shareholders are held by real and legal persons listed in the Annex to the Merger Agreement executed regarding the Merger. Pursuant to the Merger Agreement, the existing non-voting shares in ANADOLU CAM will be purchased from their owners as per article 140, paragraph five of the TCC. The purchase price will be TRY 24,750 per non-voting share, based on the fair value calculated in the Valuation Expert's Report. Consequently, these ANADOLU CAM non-voting shares will be canceled. Payments will be made to the bank accounts notified to ŞİŞECAM by the owners of non-voting shares, within five working days following the registration of the merger. If the title of shareholding changes (by inheritance or for other reasons), if a shareholder is not included in the list of non-voting shareholders in the annex to the Merger Agreement, or a change occurs in the bank account details notified to ŞİŞECAM, shareholders should advise these matters to ŞİŞECAM within five working days following the extraordinary general assembly meeting held for the Merger. If these changes and corrections are not notified, the related shareholders cannot make any claims against ŞİŞECAM concerning the payments made to non-voting shareholders in the list attached to the Merger Agreement.

10.3. Information on Additional Payments and Other Personal Performance Obligations and Responsibilities to be Imposed on Shareholders of Acquired Companies due to the Merger (if foreseen)

There are no additional payments and other personal performance obligations and responsibilities to be imposed on the shareholders of the Acquired Companies due to the Merger.

10.4. Amendments to the Articles of Association

As part of the merger, three articles of ŞİŞECAM's Articles of Association will be amended: Article 4, "Purpose and Subject", Article 7, "Capital", Article 21, "Amendments to the Articles of Association", once the necessary approvals and permissions are obtained from the Capital Markets Board, Energy Market Regulatory Authority, and other governmental authorities as may be required. Additionally, as being subject to the same approvals and permits, two new articles will be inserted to ŞİŞECAM's Articles of Association: (I) Article 33, "Transfer of Shares or Share Certificates", and (ii) Article 34, "Merger and Demerger Provisions". Concerning these amendments to the Articles of Association, Board Resolutions, draft amendment texts and all other necessary documents will be disclosed through the Public Disclosure Platform.

The Acquiring Company shall provide a collateral, if the related authority requests it.

10.6. Debts of the Acquired Companies

As the result of the merger, Acquired Companies will dissolve without liquidation, and their debts to third persons shall be paid by the Acquiring Company in full and timely, pursuant to the terms of the agreement, provisions of the TCC and other related legal regulations.

TCC Article 541 shall apply for the following debts of the Acquired Companies: Debts that have become due but have not been paid because the creditors have not applied, undue debts, debts in dispute⁴.

10.7. Impact of the Merger on the Creditors of the Companies involved in the Merger

As a result of the merger, Acquired Companies will dissolve without liquidation, and their debts to third parties will be paid by ŞİŞECAM in full and completely, pursuant to any contractual terms, as well as provisions of the TCC and other related regulations.

Article 541 of TCC shall apply to debts that have become due but have not been paid because the creditors have not applied, undue debts, and debts in dispute.

In addition, if the creditors of the Acquired Companies make a request within three months after the merger becomes legally valid (registered), ŞİŞECAM guarantees their receivables in compliance with Article 157/1 of the TCC.

⁴ Article 541 of the TCC is as follows:

(1) Creditors are notified that the company has terminated, and they are invited to report their receivables to the liquidation officers. This notification shall be made, (i) by registered mail, for persons who are seen as creditors in the company books or other documents, and for which the address is known, (ii) for other creditors, by an announcement in the Turkish Trade Registry Gazette and the company's website, and at the same time as stated in the Articles of Association, announcement being repeated three times, with 1-week intervals.

(2) If known creditors do not report their receivables, the amount of their receivables is deposited with a bank that will be specified by the Ministry of Customs and Trade. (3) If there are any debts of the company that are undue or that are in dispute, funds sufficient to cover these shall be deposited with a public notary, unless these debts have sufficient collateral coverage, or there is a condition that the assets of the company can be shared by the shareholders only after these debts are paid. (4) Liquidation officers who violate the above-mentioned provisions shall be liable for the unjust payments pursuant to Article 553.

Pursuant to Article 157/1 of the TCC, three announcements are published in the Turkish Trade Registry Gazette at seven-day intervals and an online announcement is also posted to notify the creditors of the Acquired Companies involved in the Merger under this Merger Report about their rights.

Pursuant to Article 157/4 of the TCC, if it is understood that other creditors will not be harmed, the liable company may pay the debt instead of posting a guarantee.

10.8. Merger Date, and the Dissolution Date of the Acquired Company

After the general assemblies of All Parties approve the Merger, these approval resolutions will be registered with the related Trade Registry Office. According to Article 152 of the TCC, the merger will be officially valid on the registration date, which will be recognized as the "Merger Date". As of this date, Acquired Companies will dissolve without liquidation, and all the assets and liabilities of the Acquired Companies will be transferred to the Acquiring Company. Any transaction and action performed by the Acquired Companies will be deemed to have been performed on behalf of the Acquiring Company. Profits and losses arising out of the operations of the Acquired Companies until the Merger Date will be assumed by the Acquiring Company, and these accounts shall be entirely transferred to the books of ŞİŞECAM.

Although this merger will consider balance sheets of 31 December 2019, once the necessary end-of-year operations have been carried out, activities and transactions carried out by the Acquired Companies from the date of approval of the Merger Agreement by the general assemblies to the date when the Merger is registered with the Trade Registry Office will be transferred to the records of ŞİŞECAM, and, thus included in the operating results of ŞİŞECAM.

10.9. Dividend

As a result of the Merger, shareholders of the Acquired Companies will receive shares from the ŞİŞECAM. This share transfer will take place in dematerialized form at the Central Registry Agency.

Shareholders of the Acquired Companies shall be eligible to receive dividends for their new shares of ŞİŞECAM, as of the registration date of the Merger. As part of this merger, a capital

increase will be made, leading to the issuance of new shares. Resulting dividends will be equally paid to all existing shares as of the payment date, regardless of their issue or acquisition date.

On the other hand, the Ordinary General Assembly of ANADOLU CAM decided to distribute TRY 142,193,421 out of the net consolidated balance sheet profit of TRY 527,224,000 for 2019 and to fix the payment date of cash dividends at 29 May 2020.

However, as per Article 12 of the Law No. 7244 on “Amending the Law on the Reduction of the Effects of the Coronavirus (Covid-19) on Economic and Social Life and Some Other Laws” published in the Official Gazette on 17 April 2020, Interim Article 13 was added to the TCC stating that: *“In stock corporations, until 30 September 2020, only twenty-five percent of the net profit of 2019 can be distributed, the previous year’s profits and free reserves cannot be distributed, and the Board of Directors cannot be authorized by the General Assembly to distribute dividend advances. ... If the General Assembly has decided to distribute dividends for the fiscal year 2019, but if the shareholders have not yet been paid or have been paid partially, payments for the part exceeding twenty-five percent of the net profit for 2019 will be postponed until the end of the period specified in the first paragraph.”*

Issued by the Ministry of Trade in relation to the implementation of the said Interim Article 13, the Communiqué on the Procedures and Principles Regarding the Implementation of the Interim Article 13 of the Turkish Commercial Code No. 6102 ("**Communiqué on Interim Article 13**") took effect following its publication in the Official Gazette on 17 May 2020. The Communiqué states that, in some cases, exceptions may apply to the rule of postponement of dividend payments mentioned above. However, it is not possible to apply the exceptions to the holders of public shares of ANADOLU CAM.

Pursuant to the abovementioned legislation, a partial payment of TRY 100,505,852 – corresponding to the legally distributable profit share - was made to the shareholders of ANADOLU CAM on 29 May 2020, and the remaining payment of TRY 41,687,569 was postponed until 30 September 2020.

As ANADOLU CAM will be transferred to ŞİŞECAM with all its assets and liabilities and will thus dissolve upon the registration of the General Assembly resolution on the merger, it will be physically impossible to differentiate ANADOLU CAM shareholders to whom residual profit share will be paid. Therefore, as of the Extraordinary General meeting date on which the merger

will be discussed, existing shareholders will be identified and the remaining profit share payment will be made by ŞİŞECAM to these shareholders.

ARTICLE 11: TRANSFER OF LEGAL RIGHTS FOR REGISTERED ASSETS OWNED BY THE ACQUIRED COMPANIES

All legal rights owned by the Acquired Companies, including trademarks, industrial and intellectual property rights, and rights associated with real estate, vehicles and any other kind of right subject to registration shall transfer and pass entirely to ŞİŞECAM, as of the merger date stated in Article 10. The necessary registration operations shall be carried out based on the Merger Agreement, and other merger documents regarding registration.

ARTICLE 13: RIGHTS AND OBLIGATIONS OF THE PARTIES

All Parties of this Merger shall show effort and care to the extent possible, to fulfill their debts and obligations arising out of this Merger Report in a timely and complete manner. Any party failing to fulfill any obligation, shall indemnify the losses and damages of the other party, shareholders and creditors of All Parties.

ARTICLE 14: IMPACT OF THE MERGER ON THE EMPLOYEES AND CREDITORS OF THE COMPANIES INVOLVED IN THE MERGER

Pursuant to Articles 147 and 178 of the Turkish Commercial Code, employees of the Acquired Companies will be transferred in ŞİŞECAM with all their rights and obligations, as per applicable legislation. There will be no changes to their rights.

As a result of the employee transfer from the Acquired Companies, necessary changes will be made in the job descriptions and positions of both current employees and their managers, as well as in the organizational structure of the entire company.

As a result of the Merger, Acquired Companies will dissolve without liquidation, and their debts to third parties will be paid by ŞİŞECAM in full and completely, pursuant to any contractual terms, as well as provisions of the TCC and other related regulations.

Article 541 of TCC shall apply to debts that have become due but have not been paid because the creditors have not applied, undue debts, and debts in dispute.

ARTICLE 15: MAXIMUM DURATION ALLOWED FOR CONVENING THE GENERAL ASSEMBLY

The Merger under this Merger Report and the merger agreement executed accordingly will be effective upon the permission by the CMB, other regulatory permissions if any, and the approvals of the general assemblies of All Parties. The boards of directors of All Parties will invite the general assembly of their companies to meet, to negotiate and approve the Merger. These invitations shall be made after the CMB approves the merger announcement, and the timing of the invitations shall be arranged so that the general assembly meetings are held no later than 31 August 2020. If the boards of directors of All Parties do not make the invitations as explained above, this Merger Report shall be null and void, without creating any consequences.

ARTICLE 16: APPROVAL OF OTHER OFFICIAL AUTHORITIES

This Merger Report is executed upon the approval of the CMB, issued by their resolution no. [_____], dated [__].[__].2020.

This Merger is in the category of "*intra-group transactions not resulting in a change of control, and other transactions*", as explained in Article 6 of the Communiqué no. 2010/04 on "Mergers and Acquisitions Requiring the Approval of the Competition Board", issued by the Turkish Competition Authority. Therefore, the approval of the Competition Board is not required. All Parties shall submit their statements to the CMB.

Additionally, an application was filed with the Energy Market Regulatory Authority ("EPDK"), for the transfer of the licenses held by All Parties, to the Acquiring Company ŞİŞECAM.

Furthermore, pursuant to the same legal regulations and the EPDK practices, planned amendments to the Articles of Association shall be submitted to the approval of the General Assembly.

Necessary permissions will also be obtained from the General Directorate of Domestic Trade under the Ministry of Trade.

ARTICLE 17: SPECIAL BENEFITS GRANTED TO THE MANAGING BODIES AND THE PERSONS WHO PREPARED THE VALUATION EXPERT'S REPORT USED IN THE MERGER

None of the Parties have granted any special benefits to the managing bodies, executives, and PwC Yönetim Danışmanlığı A.Ş., which prepared the Valuation Expert's Report.

ARTICLE 18: EXIT RIGHTS

Pursuant to Article 23 of the CML and Article 9, "Exercise of Exit Rights," of the repealed Communiqué on Common Rules for Transactions of Critical Importance and Exit Rights (II-23.1) (which applies to this Merger pursuant to Interim Article 1 of the CMB Communiqué on Common Rules for Transactions of Critical Importance and Exit Rights (II-23.3)), shareholders will be entitled to exit rights, if they attend in person or through a proxy, to the general assembly meetings (of ŞİŞECAM, ANADOLU CAM, DENİZLİ CAM, SODA SANAYİİ and TRAKYA CAM) in which the Merger is approved, and then cast their vote as "negative" and record their dissenting opinion to the meeting minutes. As PAŞABAHÇE is not subject to the CML, its shareholders will not be entitled to exit rights.

Following the general assembly meeting in which the Merger is submitted to approval, shareholders who/which have cast a negative vote for the merger and have recorded their dissenting opinion to the meeting minutes will be able to request to exercise their exit right, by submitting their request through specified and disclosed procedures to the intermediary institution authorized by All Parties to manage exclusively the merger. If the exit rights are exercised upon such request, the share price to be paid to these shareholders will be the "arithmetic average of the weighted average prices" in Borsa Istanbul, within thirty days before the disclosure date of the Merger - 30 January 2020 inclusive (since the announcement was made after the closing of Borsa İstanbul session). This price calculation method is pursuant to Article 24, "Exit Rights", of the CML and Article 10, "Exercise Price for Exit Rights" of the

repealed Communiqué on Common Rules for Transactions of Critical Importance and Exit Rights (II-23.1) (which applies to this Merger). Accordingly, the price for the exercise of Exit Rights shall be as follows for All Parties:

Company	Exit Rights Price	Dividend Payment 2019	Net Exit Rights Price after Dividend Payment
Türkiye Şişe ve Cam Fabrikaları Anonim Şirketi	5.268	0.142	5.126
Anadolu Cam Sanayii Anonim Şirketi	4.455	0.133	4.322
Denizli Cam Sanayii ve Ticaret Anonim Şirketi	8.852	0.000	8.852
Soda Sanayii Anonim Şirketi	6.389	0.245	6.144
Trakya Cam Sanayii Anonim Şirketi	3.474	0.104	3.370

The exercise of the exit rights shall start no later than 6 working days following the date of the general assembly in which the Merger is submitted to approval. The duration allowed for the exercise of exit rights is 15 working days. Durations related to the exercise of exit rights shall be notified to the investors by way of the agenda of the general assembly, and also will be disclosed through the Public Disclosure Platform. Additionally, the agenda of the general assembly in which the Merger will be negotiated, shall include: That the shareholders casting a negative vote shall be entitled to exit rights, the unit price the shares will be purchased by the related company if the right is exercised, and the procedure related to the exercise of exit rights.

It is mandatory to exercise the exit rights through the intermediary institution. Acquiring Company ŞİŞECAM has executed an agreement with İş Yatırım Menkul Değerler A.Ş. for this purpose. Shareholders that will exercise their exit rights shall deliver their shares to the

intermediary institution assigned to run the process, for their shares to be sold. The delivery and sale process shall comply with the disclosed procedure of exercising of exit rights and general provisions. The proceeds of the sale shall be paid to the shareholders exercising the exit right, on the working day following the sale at the latest.

In addition to our aforementioned explanations, as explained in detail in Article 2 of this Merger Report, the Interim Article 1 of the Communiqué no. II-23.3 states that (i) for transactions of critical importance that were publicly disclosed before 25 February 2020, shareholders who/which are eligible for exit rights and their share amounts would be determined as of 25 February 2020, and in this determination, the matched orders would be taken into consideration, regardless of the settlement being finalized, and, (ii) transactions of critical importance that were publicly disclosed before the Communiqué no. II-3.3 entered into force would be concluded according to the provisions of the repealed Communiqué no. II-23.1 on Common Rules for Transactions of Critical Importance and Exit Rights, without prejudice to the provisions of the first paragraph. Consequently, the transactions under this Merger Report and Merger Agreement executed by the Companies involved in the merger shall, as a rule, continue to be subject to the repealed Communiqué on Common Rules for Transactions of Critical Importance and Exit Rights (II-23.1). However, shareholders that are eligible for exit rights and their share amounts shall be determined as of 25 February 2020.

Pursuant to Article 11(2) of the Communiqué No. II-.23.3, *“The amount of shares to be subject to the exit rights is calculated by deducting from end-of-day balances, on a last-in-first-out basis, any sales made until the date of the general assembly for shares held on the date specified in this paragraph. Matched orders are taken into consideration in determining the shareholders on the date of public disclosure and their share amounts, regardless of the settlement being finalized.”* However, since the Interim Article 1 of the said Communiqué does not refer to the mentioned Article 11(2), the aforementioned Article 11 (2) will not apply to the Merger. In other words, investors who hold shares on 25 February 2020 will be able to exercise their exit rights, from 25 February 2020 to the general assembly date on which the Merger will be approved, provided that they do not exceed the number of shares on the said date and regardless of how they have exercised their right of disposition on their shares. In this context, shareholders who have sold their shares after 25 February 2020 will also be able to exercise their exit rights by purchasing the said number of shares from the market.

ARTICLE 19: UPPER LIMITS TO BE IMPOSED BY THE BOARDS OF DIRECTORS OF ALL PARTIES

In this Merger, the boards of directors of Parties will not set an “upper limit” for the total cost that ŞİŞECAM will have to incur as a result of the exercise of the exit rights, and/or the ratio of total shares to the issued capital for the shareholders that will cast a negative vote at the general assembly in which the merger will be approved and record their dissenting opinion in the meeting minutes.

ARTICLE 20: OTHER MATTERS

In addition to the abovementioned matters, All Parties shall fulfill all of their obligations related to the merger, arising out of the TCC, CTC, CML, CMB's regulations on mergers, and other tax laws. In cases that are not mentioned in this Merger Report, the provisions of TCC, CTC, CML and the CMB regulations related to mergers shall apply.

ARTICLE 21: RISKS THAT MAY PREVENT THE ACHIEVEMENT OF GOALS AS INTENDED WITH THE MERGER

The realization of the merger is dependent on obtaining the legally required permissions and approvals detailed in this Merger Report and the Merger Agreement executed by the companies involved in the merger.

According to Article 6 of the Communiqué No. II-23.2 (*Financial Statements to be Used for the Merger and Demerger*), the Merger should be approved by the general assemblies of the Acquiring Company and the Acquired Companies by August 31, 2020. If the general assemblies do not meet and approve the transaction by the said date, or another future date as may be allowed by the CMB, financial statements dated December 31, 2019 cannot be used for the merger.

According to Article 10 of the CMB Communiqué No. II-23.2 (*Changes in the Financial Position*), paragraph 1, if a significant change occurs in the financial position of the companies involved in the merger from the date on which the merger agreement is signed to the date on which the agreement will be submitted to the approval of the general assembly, the managing bodies of all parties may have to decide to amend the merger agreement or to renounce the merger. In such a case, there is a risk that the general assembly meeting related to the merger cannot be held by August 31, 2020 because of the renouncement of the merger or amendment in the merger agreement.

In case there are shareholders who/which wish to exercise exit rights, and they attend to the general assembly, cast a negative vote, and have their dissenting opinion recorded in the meeting minutes, financing may be required for the payments to be made to these shareholders or their representatives, depending on the amount of exercised exit rights. The company may not cover the financing necessary for the exercise of exit rights with its internal resources. If such financing cannot be obtained at all or cannot be obtained with the anticipated conditions, this may prevent the merger.

Finally, force majeure events such as earthquake, epidemic and war may cause difficulties for the shareholders in their attendance to the general assembly meeting in which the merger will be approved, and the exercise of their exit rights. These factors may also make the registration of the approved merger extremely difficult, or impossible, in an unforeseeable way.

ARTICLE 22: SIGNATURES

This Merger Report is prepared in 8 copies. It was signed by the managing bodies of All Parties and will be effective upon its approval by the general assemblies of companies involved in the merger. According to Law no. 4684 and the provision included in Table (2) of the Stamp Duty Law no. 488 (line no. IV-17), this Merger Report is exempt from stamp duty.
